Single Skin
Roofing Solutions

SOPHISTICATED Outdoor Living

Make the most of your outdoor living space with a Shademaster® Shelter System. Whether you are after a patio, carport, alfresco, room extension, gazebo or custom solution, the design possibilities are endless with Shademaster.

WHY CHOOSE Shademaster?

Shademaster Shelter Systems provide you with the solutions you need. Achieve the outdoor living space you desire, with quality Australian made roofing in a range of colours.

STYLE

Multiple colour combinations in Flat and W-Pan panel profiles.

FUNCTION

Panels clip together to form a weather-tight, virtually undetectable seal.

VERSATILITY

Suitable for a wide range of traditional & modern designs.

NATURAL GLOW

Integrate Shademaster Naturelite panels to allow natural lighting.

ENJOY THE BENEFITS WITH

Shademaster Roofing

Endless designs. Engineered to last. We've got you covered with quality tested Shademaster roofing that is designed and built for Australian lifestyles.

MADE IN AUSTRALIA

Crafted in Australia by Shademaster, with experience and expertise in producing premium, high quality products.

MINIMAL MAINTENANCE

A durable and easy-to-clean finish with the 5 stage coating process.

10 & 15 YEAR WARRANTY*

Enjoy total peace of mind with a 10 Year Warranty on steel or a 15 Year Warranty on Aluminium Shademaster roof panels.

OPERATIONAL TESTING

The W-Pan[#] and Flat Pan^{##} Profiles have been independently tested and approved for cyclonic regions.

*Conditions apply. See www.shademaster.com.au for warranty document.

Refer to James Cook University Testing Report TS741 – December 2013 for further information. NATA Accredited.

Milanovic Neale - Consulting Engineers - S8186-RPT01 - "Shademaster Single Skin Flat Span Tables"

GABLE ROOF

Allows maximum air and light to flow through your outdoor living area. It can be free-standing or attached to your home.

FLYOVER ROOF

High ceilings and minimal framing create open living areas with optimal airflow and plenty of natural light. It is attached and positioned over an existing roof line.

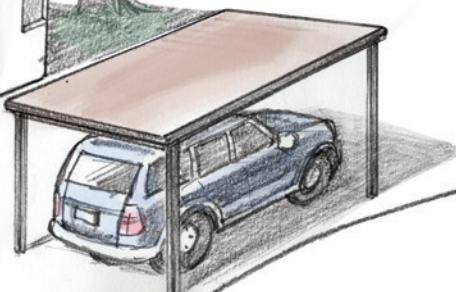

GABLE & SKILLION ROOF COMBINATION

The spaciousness of the Gable roof design combines well with versatile Skillion roofs to create a unique highlight for any home. It can be free standing or attached to your home.

SKILLION ROOF

Simple and versatile, the traditional Skillion roof design integrates easily with any surroundings. It can be free standing or attached to your home.

FLEXIBLE Design Options

The Shademaster steel and aluminium single skin range is suitable for a variety of structural designs from patios, alfresco areas, outdoor rooms, gazebos, carports, and complete custom designs.

*Conditions apply. See www.shademaster.com.au for warranty document.

UPGRADE TO Aluminium Roofing

Opt for Aluminium roofing for ultimate environmental protection and durability.

Whilst Shademaster steel roofing is suited for many roofing designs and locations, Aluminium roofing is the ideal choice for coastal and harsh marine environments.

CORROSION RESISTANT

Ideal for marine environments, pool & spa areas.

HIGH STRENGTH

Ensures durable structures.

REFLECTIVITY

Reflects more heat & cools down quicker.

15 YEAR WARRANTY*

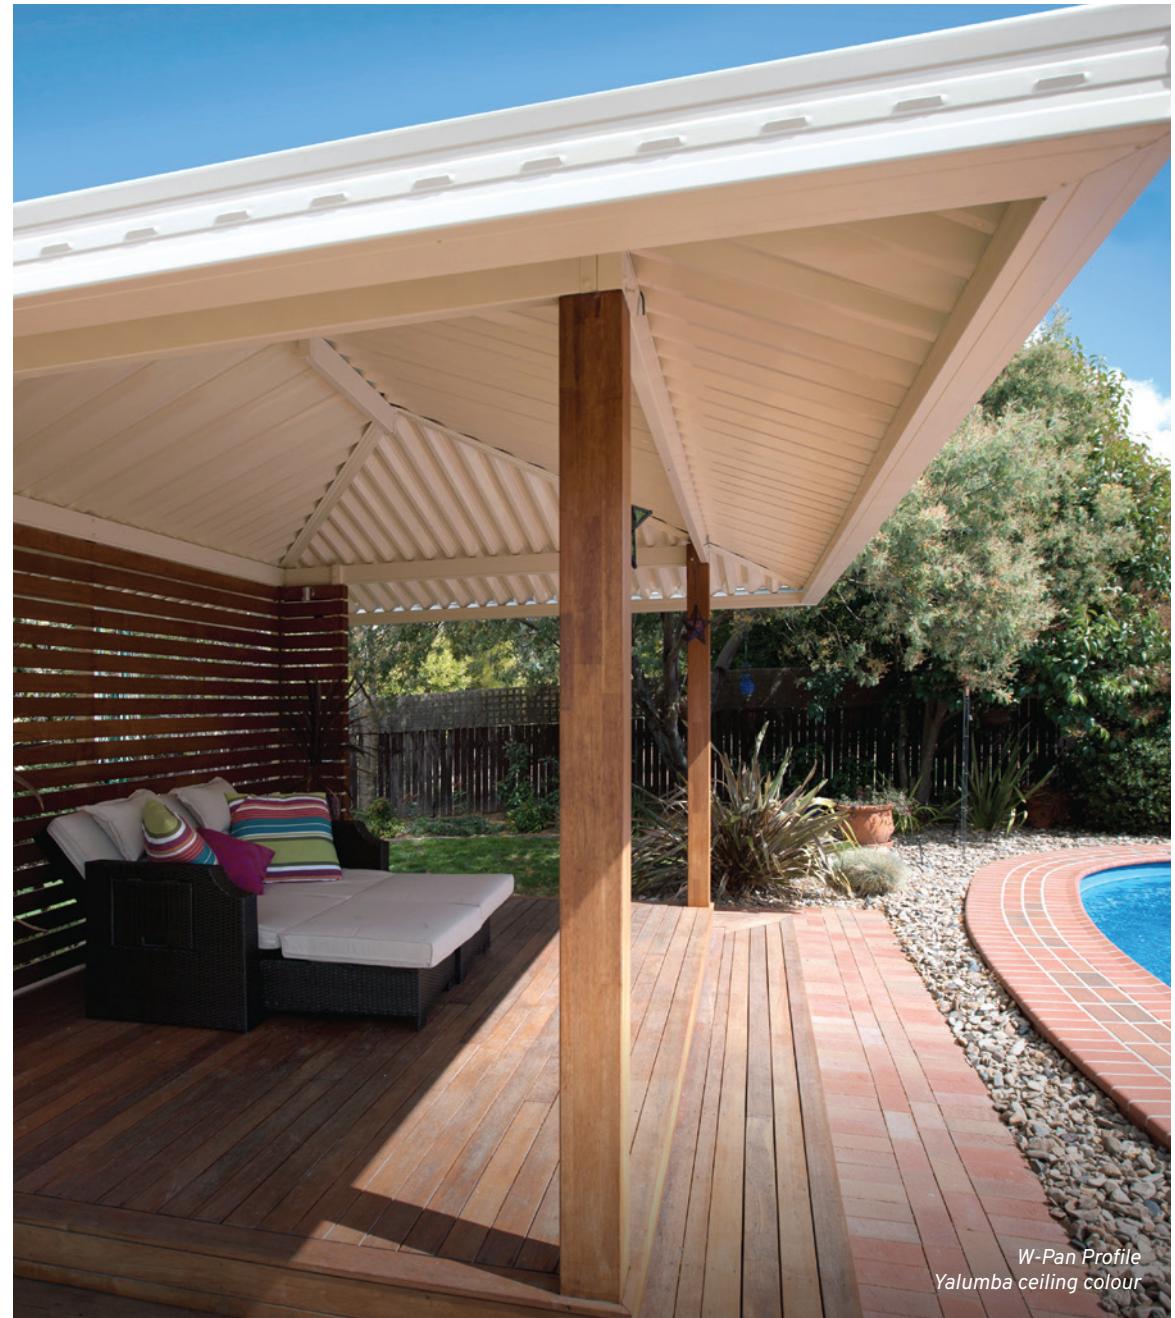

Enjoy total peace of mind with a 15 Year Warranty* on Shademaster Aluminium products.

SINGLE SKIN

Roof Profile Options

*Flat Profile
White Bay ceiling colour*

*W-Pan Profile
Yalumba ceiling colour*

Customise your look with the choice of 2 Shademaster profile options for your new undercover area.

Each panel features a clipping system that locks the panels together, forming a virtually undetectable weather-tight seal.

W-PAN PROFILE

Robust and long-lasting, the strong W-Pan profile creates outdoor undercover areas built to last.

FLAT PROFILE

Replicating a flat 'ceiling' appearance, this profile creates bright spaces by allowing light to easily reflect around the covered area.

CLEVER

Naturelite System

Flat Profile with Naturelite
White Bay ceiling colour

For letting some light into a dark covered area, Shademaster Shelter Systems offer the perfect solution.

The Naturelite System features translucent panels that integrate with the single skin roof panel to allow natural light to filter through.

NATURELITE
W-Pan Profile

NATURELITE
Flat Profile

Features a domed exterior shape to prevent debris from accumulating on top, ensuring a cleaner appearance from the underside.

COLORBOND® STEELS 5 STAGE COATING PROCESS

A paint system developed for local conditions, further enhanced by the 80% gloss finish, optimizing the roof quality and durability to ensure your Shademaster roof maintains its premium look.

CORROSION RESISTANT

Built to withstand the harsh Australian outdoors with corrosion resistant properties.

COLOUR RETENTION

One of the most durable modern coatings available.

SMOOTH FINISH

Roller coating allows for a consistently smooth finish every time compared to powder coating.

SUPERIOR HIGH GLOSS

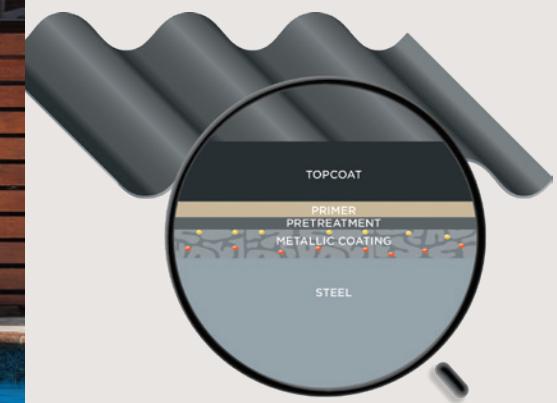

Higher gloss coatings offer more vibrant colour, easy maintenance and enhanced fade resistance.
